## OF FINE DIAMONDS

To use the gold circles to find your approximate ring size, take a ring that fits comfortably on the correct finger and position it so that the outer edge of the gold circle fits flush against the inside edge of your ring.

This is a guide only; we will be pleased to send you a FREE RING SIZER to accurately measure your finger. Please e-mail or call.

Print this size guide to 100% / full size or whatever your printer setting demands – to check, the width of the box here should be 240mm/24cm
